Guitar (Steel string)		DI Box
Guitar (Nylon string)	DPA4099	XLR (48V)
		4x boom stands
		1x chair, no armrests
		4x monitors

A professional sound engineer is required for both soundcheck and performance. We need at least 45 min soundcheck. We wish to have at the very least 30 min between soundcheck and concert.

We would also like to have fresh water available on stage.
